

Welcome to West Noble Middle School! This year we are proud to provide all students improved computer access. We are also excited to offer a variety of technology courses in our updated computer lab! We will continue programs such as the Charger Reading Challenge, Achieve 3000, the Privilege Program, STAR Parties, special ISTEP week activities and Spring Fling.

We appreciate all of the student suggestions that help us improve your experience at West Noble Middle School each year. According to your feedback last year, the WNMS Staff is still your favorite thing about our school! If you encounter difficulty during the year, our team of teachers, counselors and administrators are here to help you. If you have questions about our programs or policies, the information in our school handbook will help.

Welcome Back!

Mrs. Tijerina, Mr. Jagger, and Mr. Teel
WNMS Administrative Team
